Finally they think they have justly done what they set out to do. God knows why this was an issue anyway!

Aren't we living in a free country where inventors of all shapes, sizes, inventions et. make millions every year? We even have foreign inventors putting their ideas on our consumers.

It seems to me that we could have spent all this time looking for aliens and the money would have been better spent.

re:The WTC bombing.

Get real go after the bad guys not an American who happened to enter the market at the right time!

BACK OFF LEAVE MICROSOFT AND BILL GATES ALONE!!!

If it weren't for Microsoft I never would have been able to learn my computer by myself and send this e-mail!

Thanks,

Ruth Silveira
